MANY ARE KILLED IN NEW YORK EXPLOSION

Lay Aside Unimportant Matters--Work for Water

(Editorial)

We have all been agreed these many years that WATER IS THE MOST IMPORTANT THING THAT PARIS HAS TO DEAL WITH.

We have now for consideration a proposition which solves that problem. We should permit nothing to divert our attention from the water matter. You will find that various efforts will be made to inject other things to divert the minds of our people from the great question—but pass them by until the bond issue has been voted and we have assured the water.

Then we may take up the little things, the important things which will not suffer through delay and our private and personal affairs, griefs and grievances.

THE COMMUNITY BUILDERS will devote themselves to the matter of water—all other things they can afford to lay aside for the moment.

THE MEN WHO HAVE NO INTEREST IN PARIS will seek to divert attention; the selfish man will seek to push his personal affairs; the disorganizer will seek to continue his work of pulling the community apart; the short-sighted will endeavor to minimize importance of the matter through inattention and through indifference; and some of the public-spirited may permit what they regard as important matters of one sort or another to interfere.

Simply WE CANNOT AFFORD TO NOT ADOPT THIS PLAN: We cannot afford to permit the water bonds to be defeated.

We cannot afford to permit any other thing to interfere with this necessary matter of providing a water supply for right now as well as the future.

Be strongly impressed by that statement—WE MUST NEEDS HAVE A WATER SUPPLY FOR RIGHT NOW. Not for tomorrow but for today.

We have had two wet years in succession; possibly we shall have three. But the probabilities are that we shall have a dry year following this—and if we do not construct and get in working order our new system before that time WE SHALL SUFFER—MENTALLY, PHYSICALLY, FINANCIALLY.

We shall pay an enormous price for our neglect.

Get you, therefore, on the job. Make of yourself a booster for this water bond issue without reference to whether you have been named as a member of a committee or not. Make it your personal business—for it is just that.

It is not a matter which is of any more personal concern to Mayor Crook, to any member of the council or to any member of the advisory committee or of the Chamber of Commerce than it is to YOU—PERSONALLY AND PARTICULARLY.

Don't let the gossips and the dissensionists and the trouble-breeds in any manner divert your mind from the main issue—that the water bonds must carry and that the time for work is brief—and, above all things, that this is not a matter for next year or ten years hence; but of right now.

ANNUAL MEETING OF THE C. OF C.

WORK ON EXPOSITION BUILDING PROCEEDS

George Waverly Briggs to Be the Speaker For the Occasion.

Windows and Stone Are to Be Placed and Flooring Put Down.

The annual meeting of the Chamber of Commerce will be held Tuesday evening next and it is the hope of the members of the executive committee that every member of the organization will be present.

The ladies are told now that it will be a business meeting largely; and while there will be some social and while there will be some social that nearly the entire meeting will be devoted to the business of the Chamber of Commerce.

George Waverly Briggs will be the speaker of the occasion. Mr. Briggs is already known in Paris as being a real orator; of broad views and of clear understanding who is able to enunciate clearly and to express himself in a manner which is pleasing to his audience.

Mr. Briggs was once a newspaper man—and a mighty good one. Later he was in the Red Cross work; then he went to Australia as commissioner of banking and insurance; now he is vice president of the City National bank, the largest bank in the State.

His subject will be water; and that will be the keynote of the entire meeting.

The program is not going to be an extraordinary lengthy one. There will be some music, President Scott will read his annual report, Mr. Briggs will speak and the annual election of members of the executive committee will be held.

The report of the president will be a comprehensive one. It will include the activities of every department of the Chamber of Commerce during the past year; the financial statement; and something of the tentative plan for the coming year to the extent of outlining the unfinished business. This will be no wise be infringing upon the prerogatives of the incoming executive committee; for it will outline to them the things which are under way and leave them free to develop their own plans of accomplishment.

The Annual Election. The executive committee is composed of twelve men and the entire board is to be elected Tuesday evening.

In the past it has been the practice to nominate twelve men but this year eighteen names will be placed on the ticket and the twelve receiving the highest number of votes will be the members of the committee.

The executive committee Thursday morning instructed the president to name a nominating committee and this committee will select the names for the ticket.

In the discussion in the executive committee the opinion was expressed that as a result of this method there will be some hurt feelings; but it is the belief of most of the members of the committee that this will not occur as every man whose name is placed on the committee will realize that it is a compliment and that some must be preferred above another.

Rotary Convention. The executive committee extended the city of Paris and they will be in the name of the people of Paris earnestly requested to read and ponder of the members of the Chamber of Commerce and then to get busy to carry out the bond election by an overwhelming majority.

Effect of a Water System Upon The Insurance Rate

By C. M. RAGLAND,

Member of Advisory Committee

I am quite enthusiastic over the prospect of an abundant supply of water—water enough for every one and for every thing, especially so that the Mayor will not be compelled to stop us from watering our trees, flowers and grass.

One of the most important features involved, is the effect it may have on our insurance. Suppose we should have a drought of sufficient duration (the engineers say it can happen in twelve months) to cause us to be entirely without water. It would then be optional with the Insurance Companies, as to whether or not they would quit the town, or have the State advance the rates on account of lack of water protection, to an extent where it is possible to cost the citizens of Paris as much as from seventy-five thousand to one hundred thousand dollars a year. The Companies would be compelled to reduce their lines of insurance to such an extent that the large insurers could not get as much insurance as they need.

Let us hope that such will never happen. Take no chance, but come out on the 28th and vote for the Bond Issue.

CAMPAIGN FUNDS NOT VERY BULKY

Only Seven Dollars in the Kitty and Two Days Have Gone By

It didn't appear to have struck many people Thursday that now is the time to make their contributions to the Cox-Neff democratic campaign fund.

There were only three who turned in a dollar each—and that isn't going to get very far in financing the campaign. It will help, of course, but not very largely.

Those who desire to contribute directly may send their checks to J. A. Kemp, Dallas, Texas and will receive acknowledgement directly from the committee.

Others who may desire to assist to some extent in financing the campaign may make their contributions through The Morning News and they will be forwarded promptly.

Harry T. Warner 1.00
Total \$7.00

PARIS YOUNG MAN WINS SYMPATHY OF A JURY

Peyton Ellison returned Wednesday night from Knox county, where he went to defend a young man from Paris about twenty-four years old, who was charged with burglary and theft.

The young man had gone to western Texas to visit relatives and to work in the oil fields. He had not been gone long before he got in trouble on the charge of burglarizing a store at Monday and carrying away a lot of pistols.

On the trial he claimed that he fell into the company of an old jail bird from the North who led him astray. He was tried on the charge of theft to which he pleaded guilty.

The jury hung up all night before it could agree on the number of years to give him. They finally agreed on two years, the lowest term, and as soon as the verdict was returned a petition to Gov. Hobby for a pardon was presented and unanimously signed by the jurors.

The case of burglary against him was dismissed.

WILL COME TO PARIS TO ENTRAIN FOR GALVESTON

E. J. McDonald, acting master mechanic at the Frisco-Santa Fe shops while T. F. Underwood is off on a vacation, received a message from the Santa Fe division headquarters at Cleburne yesterday to have a tourist car and a baggage car in readiness to attach to No. 5 Frisco passenger train when it arrives this afternoon to convey the members of the Clarksville Machine Gun company and their equipment to Galveston for strike duty. The Clarksville boys have been ordered to Clarksville and will come to Paris to entrain.

ELABORATE STYLE SHOW AND MUSICAL AT GRAND

There will be given at the Grand Theatre this evening, under the auspices of the Church of the Holy Cross (Episcopal), one of the most elaborate and attractive fall style showings ever presented in the city. Every merchant of Paris will be represented, and the latest creations will be worn by prominent people who have consented to lend their assistance in this way.

A most pleasing program of musical numbers will be presented, including a variety of vocal and instrumental selections.

This will be the "last word" in fall costumes and the very best and newest gowns, suits, wraps and accessories will be displayed.

The performance will begin at eight-thirty promptly, and a special request is made that punctuality be observed so there will be no delay nor confusion.

May Go To Galveston.

E. F. Hamilton, night clerk at the Hotel Gibraltar, may have to go to Galveston to do guard duty. He is a member of troop L of Greenville, that has been ordered there for duty. He will go to Greenville this morning to try to get excused from serving.

PLANS A MARKETING SYSTEM FOR TEXAS

George B. Terrell Will Make Effort to Secure Returns for the Producers.

Hon. George B. Terrell of Alto, Cherokee county, democratic nominee for commissioner of agriculture of Texas, was a visitor to Paris Thursday.

Mr. Terrell received a majority in Lamar county which he is most appreciative of. He feels when in this county that he is in the home of his friends.

Mr. Terrell is a veteran member of the house of representatives and through his long service there he has become very familiar with the affairs of the State of Texas. He has devoted special attention to the department of agriculture, being a practical farmer and a most successful one—he is a diversificationist and long since abandoned the idea of a one-crop farm.

Mr. Terrell has many plans for assisting the farmers of Texas; and more especially will he devote his time and attention to an effort to organize a marketing system for the State whereby the growers of produce, live stock and cotton will receive the full worth of their product.

He will shortly visit the coast country and make close inquiry into the pink boll worm situation and ascertain just what developments there have been during the year.

Mr. Terrell is a consistent believer in the development of the agricultural and horticultural resources of Texas and is one of the most competent men who has ever been selected to head the department.

Politically he has no anxiety over the success of the democratic State ticket and but little for the National ticket. He is convinced that the democratic chances in the Nation are very bright and that Cox and Roosevelt will command united support of the democrats and of the large vote which is not tied up in either of the parties.

Mr. Terrell has promised The Morning News that he will shortly contribute an article in which he will set forth fully his plans for the marketing system; and he is an able and forceful writer, having been for some time a contributor to a number of the larger papers of Texas.

LITTLE CHILD HAS FOOT AND HAND BURNED

An eighteen-months-old child whose father's name was not learned was badly burned yesterday evening on North Main street near the abattoir, where the family resided. While walking out in the yard where her mother had been doing some washing, she stepped in hot oil and burned her feet. In trying to get out of the ashes she fell and burned one of her hands and arm at the wrist. One of the feet was severely burned.

FINISHED FINE ROAD WITH TRACTOR AND GRADER

Maed Hall of Caviness who was in the city yesterday stated that the tractor and grader club of that community had one of the nicest constructed roads in the county between that place and Hinceley. At the latter place it connects with the gravelled and graded road running north from Paris. Mr. Hall said that the work on it would be finished up yesterday evening.

HAS POSITION WITH REVENUE DEPARTMENT

J. P. Humphreys, a former resident of Paris, who will be remembered by a number of friends, is in the city on business. Mr. Humphreys went from here to Idabel, Okla., to practice law a few years ago and while there enlisted in the Army as a lieutenant. At present he is in federal service as an internal revenue agent with headquarters at San Antonio.

PATCHING BEGUN ON CLARKSVILLE STREET

The bitulith plant has been set up and has a run of material so that Engineer Tyler might have some material for the patching work on North Main and on Clarksville. The work on North Main will be first undertaken as it is first on the list; but Clarksville will follow as speedily as possible.

Washington Officials Investigating On Theory It Was Result Of a Bomb Plot

By The Associated Press.

New York, Sept. 16.—A mysterious explosion in Wall street, near Broad, relieved by trained department of justice and police investigators to have been caused by an infernal machine, rocked the heart of New York's financial district at noon today, leaving death and destruction in its wake.

Thirty-one persons were killed and more than 200 injured, the banking house of J. P. Morgan and company, the federal sub-treasury, and the assay office were partly wrecked and property damaged estimated in excess of \$3,000,000 was caused by the blast.

Thomas W. Lamont, of the J. P. Morgan firm, expressed the belief, however, that the explosion was purely an accident caused by a collision between an explosive laden wagon and another vehicle. The firm had received no threats of any kind, he said, and there was no real reason for the planting of a bomb outside of the firm's office.

Streets Were Cracked. The noon hour had struck and an endless stream of workers had just started pouring into the streets from firms in the neighborhood.

Suddenly there was an explosion and a cloud of yellowish black smoke came from the Wall street side of the Morgan offices. Scores of men, women and children were lying prostrate on the ground and the streets were covered with debris from thousands of broken windows and the torn facade of adjacent buildings. Two minutes later and curb exchanges, the financial pulse of the world, had closed. Panic and confusion reigned in the heart of the New York financial district.

Thousands of clerks and stenographers fled in terror from adjoining structures. Scores fainted, fell and were trampled on. Meanwhile, the noise of the explosion, which was heard throughout lower Manhattan and across the river in Brooklyn, brought thousands to the scene.

The few police on duty were unable to cope with crowds, and a hurry call for police reserves was sent to all down town police stations.

List of the dead follows: William T. Joyce, clerk of J. P. Morgan and company.

Jerome H. McKean, chauffeur.

Ludolph Porteng, bank teller, Jamaica, N. Y.

Col. Charles Neville, U. S. A., N. Y.

Alfred Mayer, New York.

Mildred Alexander, New York.

E. A. Sweet, address unknown.

Mr. McArthur, address unknown.

Joseph Aurelious, New York City.

Raymond Miller, address unknown.

Charles Lindroth, Brooklyn.

A man about 46, five feet ten, brown hair, at Volunteer hospital.

Robert West Day, messenger boy, New York.

Bernard J. Kennedy, messenger, employed at 115 Broad street.

Miss Carolyn N. Dickinson, Elmhurst, N. Y.

Colin B. McClure, Yonkers, N. Y.

Mrs. Margaret Drury, stenographer, Brooklyn.

Charles Lindroth, employed at 25 Broad street, address unknown.

William Furman, Hutchinson, insurance broker, Garden City, N. J.

John Johnson, porter, employed at Bank of America, 44 Wall street.

Charles Harman, Brooklyn.

L. L. Roberts, New York.

Bartholomew Flannery, New York.

Reginald Ellsworth, West Orange, N. J.

Jacob Aresberg, Brooklyn.

Alexander Leith, New York.

Benjamin Solway, 16, Lincoln Place, Brooklyn.

Unidentified man about 39, five feet, slim, dark hair, grey eyes.

Among the injured who live outside of Greater New York are:

Worth Bagley, Washington, D. C.

Arthur J. G. Cole, North Arlington, N. J., condition serious.

Leo K. Drury, Washington, D. C., A. B. Jessup, Jeddah, Pa.; John Markle, Jeddah, Pa.

Letter Gave Warning. A letter giving warning of today's explosion was dropped Wednesday morning through the mail slot of a door in one of the offices of the French high commission at 65 Broad street, it became known tonight.

The letter, apparently written by a man formerly in the employ of the commission was torn into small pieces soon after it was read and dropped into a wastebasket.

Today, after the explosion these bits of paper were taken from the basket, pasted together, and turned over to the police. The letter which was addressed to Lieut. Arnaud, who is attached to the commission, began with the word "Greetings."

The writer said he thought he was rendering a service to the French high commission by advising Maurice Casenave, minister plenipotentiary, and his assistants of the fact that a catastrophe would occur in Wall street about 2:30 o'clock. No date was mentioned.

The writer suggested that Lieut. Arnaud advise Minister Casenave to have the offices of the commission closed and unoccupied at 2 o'clock so that the lives of the office staffs might be spared. The letter also mentioned "between 2 and 4 o'clock, daylight time as the probable hour for the catastrophe."

Paid No Attention. It was intimated in the letter that "some people" had grievances and wanted to take revenge. Lieut. Arnaud read the letter several times, feeling assured that it had been written by an alarmist and should not be taken seriously, he tore it up and threw it in the waste-basket. He gave no further thought to the letter until after the explosion today when he rushed into the office, emptied the contents of the basket in a heap on his desk, sorted the bits of the letter, pieced them together and turned them over to the police.

Efforts to learn whether the letter bore a signature proved futile. Soon after the letter had been handed to the police it was learned that detectives had been sent to an address in West 92nd street to seek a man formerly in the employ of the French commission. It was said that he had left the service of the French government on Sept. 1, 1919.

The writer of the letter, the police believe, was familiar with all plans for the explosion and would be faced on to point out the responsible parties.

Lamont Thinks Accident. Despite the police theory that the explosion was that of an infernal machine, several eye-witnesses reported that a wagon bearing the sign "Explosives" was seen near the Morgan building a few minutes before the blast occurred. This led to the theory which was still held by members of the Morgan firm tonight, that the explosion was caused by a collision between this explosive laden wagon and another vehicle.

"From what we have learned I am inclined to believe that the explosion was due merely to an accident," Thomas W. Lamont, of the Morgan firm declared tonight.

"We can find no reason that would lead to a premeditated bombing. Circumstances of the occurrence surely do not point to an attempt to wreck the Morgan offices."

"If anybody really plotted destruction of our building, I believe that we would have been sent the warning that is usual in such instances and we have not been threatened in any manner. I believe the explosion was due to nothing more than an unfortunate accident to a dray loaded with explosives which I am informed had arrived on the site of the stock exchange building addition across the street from our offices."

streets hundreds of feet away were cut from the metal part of the wagon. Some of these slugs picked up soon after the explosion occurred smelled strongly of chemicals, used in the manufacture of explosives, they said.

The banking house of J. P. Morgan and company and the recently completed annex of the sub-treasury building received the greatest amount of damage from the explosion. All the windows in the Morgan building, facing on both Wall and Broad streets, were blown out and also the wire protection by which they were faced on the inside of the structure.

The glass dome ceiling of the building also was broken and many of the steel supports to the glass bent and twisted.

GOVERNMENT AGENCIES GO TO WORK IMMEDIATELY

By The Associated Press.

Washington, Sept. 16.—Nearly a half dozen agencies of the federal government were at work tonight to solve the mystery of the explosion in New York City's financial district and to safeguard government property from similar damage.

In an effort to bring to justice any persons responsible for the loss of life in the metropolis, agents of the department of justice, secret service operatives of the treasury and of the postoffice department and experts of the department of agriculture were ordered to the scene of the explosion.

Investigation was ordered by Attorney General Palmer upon receipt of the first report and Wm. J. Flynn, chief of the bureau of investigation of the department, left Washington for New York on the first train.

The attorney general declined to discuss possible causes, holding with other officials of the department that reports from New York did not warrant advancing a theory. The feeling at the department, as well as among other government officials, was that the explosion came from a radical bomb plot.

Secretary Houston announced tonight that the secret service was at work on the case because of the proximity of the explosion to the United States sub-treasury and assay office. Redoubled precautions will be taken to guard the treasury building here. Resumption of war time restrictions was said by officials to be under consideration, which would mean closing all doors of the building except one, requiring passes for admittance and placing extra guards.

Officials of the postoffice department declared postal inspectors were ready to cooperate with other government agencies and David J. Price, explosive specialist of the department of agriculture left for New York tonight to aid in determining the nature of the explosive.

The explosion was heard in Washington by an official of the treasury who was talking on the telephone to an office in the Equitable building in New York. The conversation was interrupted, he said, by "what sounded like the closing of a large book."

EXCHANGES WILL REOPEN FOR BUSINESS AS USUAL

By The Associated Press.

NEW YORK, Sept. 16.—The New York Stock and Curb exchanges will be opened for business tomorrow morning at the usual time, it was officially announced tonight. Officials of the stock exchange declared that bonds valued at \$3,000,000 and 2,574 shares of stock, are missing as a result of the explosion. The securities were in the hands of messengers employed by various brokerage houses.

Despite injuries sustained when he was struck by flying glass, Julius S. Morgan aided many of his clerks who were more seriously hurt. Mr. Lamont said tonight. The young man's condition, he added, brought excitement and prevented a panic in the Morgan building, when the explosion occurred. Mr. Morgan remained at his office until late tonight and assisted in restoring order there.

A force of cleaners and repairers were at work in the Morgan building until a late hour tonight.

POST OFFICE WILL LOOK INTO OIL STOCK SALES

KANSAS CITY, Sept. 16.—An investigation by postoffice inspectors of seven investment companies here selling oil stocks was asked today by Francis M. Wilson, United States district attorney.

The request was made following the publication by the Kansas City Advertising Club of "advertisers' protective bulletin" in which the club charged that companies here were dealing in oil stocks of questionable value.

May Pick Cotton. John Brown, the nominee for sheriff, stated yesterday that he would not move back to town until after the election, and that he might put in the time picking cotton.

Yesterday's Receipts. Over a hundred bales of cotton were marketed in Paris yesterday and brought 30 cents to 33 cents.

Office, North Main Street, Opposite Court House

Entered at the Postoffice at Paris, Texas, as second-class mail matter.

Notice to the public: Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this News will be gladly corrected upon its being brought to the attention of the publishers.

If You Don't Get Your Paper, Please make a complaint about it. The Morning News is making strenuous and continuous efforts to have the paper delivered every day and on time. If there is no complaint we do not know that there is ground for it.

Authorized Collectors: The Paris Morning News are Benson Hart, bookkeeper; J. W. Cannon, advertising solicitor; Harry K. Cox, advertising solicitor; Frank R. Humphrey, city circulator; and David Rogers. Payments should be made to no one else.

COMMENTATORIAL

IT IS GREAT SPORT—watching a fight between two other fellows.

It is the principal occupation in life of some folks. They take a particular pleasure in it. They buzz about from one to another and they repeat things which have been said, doing it in a manner to give it an entirely different meaning, and they tell things which have not been said, all in the effort to match a fight.

Such persons are a distinct deterrent to any community.

When they find someone doing a good work or making an effort to accomplish something for the good of the community they take a pleasure and a delight in striving to harm that person, to lessen that person's influence, to detract from the importance of the work being done.

They glory in being a disturbing element and count their victims with glee.

But the community is suffering all the while.

THE COUNTRY as well as the city suffers from this type of pest.

They are as mischievous and as destructive as the bill weevil, partaking of the characteristics of that pest in marked degree in that they have a long proboscis, a hard shell, are impervious to any consideration of mercy or decency and their mission in life is entirely destructive and never constructive.

They seek always to keep the community pulled apart and in a turmoil. They should be treated with decision and in inoculated with the spirit of brotherly love and of community fellowship.

How? It is a hard problem; but it has happened that more than one knocker has been converted into a booster through one means or another.

AT THIS MOMENT the thing above all others for Paris is the voting of the water bonds. It is the personal and particular business of every citizen to use every possible effort to have a large majority for the bond issue.

It isn't a matter of water for the future altogether. It is a matter of

water for right now—as well as, for tomorrow and for the years to come. There is no time to be lost which can be utilized.

The city lake is full today. But we are now consuming water at a rate which we know will empty the lake within the course of a very few months if there should be no further rainfall—and then we shall bring suffering and loss not only upon ourselves but upon those who are dependent upon us—those who have a right to look to us for the necessities of life.

THERE ARE THINGS of importance pending which require attention, of course; that may not be either laid aside or disposed of quickly but which can be made to fit into the water proposition.

For instance, the annual meeting of the Chamber of Commerce. That is in a way an interruption, but in another way it is not to be, for the burden of the meeting will be water and the necessity for the adoption of the proposition pending through the voting of the bonds.

The meeting should be attended by every member to the end that they may gain some of the enthusiasm and participate in the selection of members of the executive committee—to see for themselves that everything is all right and that none may be dissatisfied.

LET'S GET TOGETHER on this proposition; and if we must snap and snarl and knock and gossip and endeavor to create bad blood as between other men, there will be more time for it after August 28.

If each of us gets busy on the water problem—really and truly busy, with all the business which we should, we shall have little time for anything else; and more especially for the little business of endeavoring to pull down and destroy rather than to build for the future and for the good of the community.

RAISING FUND FOR NEGRO WRONGFULLY IMPRISONED.

Dallas, Sept. 16.—Contributions amounting to \$125 have been received thus far by Sheriff Dan Hartson of Dallas county, for a fund inaugurated by him to provide compensation to Ben Perry for serving eight years of a life sentence for a crime of which he was innocent. The move on the part of Sheriff Hartson followed a confession by Green Hunter, another negro, who was hanged in the Dallas county jail for an attack on an aged white woman, that he had committed the crime for which Perry was sentenced—an attack on a young white girl at Bryan, Texas. Sheriff Hartson stated that he probably will go to Bryan, Brazos county, where Perry was tried, in an effort to add to the fund.

CORPUS TO RAT PROOF ALL NEW BUILDINGS.

Corpus Christi, Texas, Sept. 15.—A city ordinance has been prepared providing for the rat-proofing of all buildings to be constructed here in the future. The commissioners have promised after consultations with state and federal health authorities, to pass such an ordinance as "future insurance" against plague-carrying rats.

Little Stories For Bedtime

The Mystery Grows.

By THORNTON W. BURGESS.

Can a body be a body
Yet not a body be?
Tell a body, any body,
Didst such a body see?

Of course it was Sammy Jay who was humming such a foolish rhyme as that. But really it wasn't so foolish in Sammy's case after all. He had sat up wide awake all night just to try to find out why it was that all the little meadow and forest people had complained that he spent part of each night screaming "Thief! Thief! Thief!" just as he does in the day time. Now he knew. Sitting in the dark in his big pine tree he had heard his own voice, or what sounded like his own voice, screaming down in the alders by the Laughing Brook. Sammy had scratched himself to be sure that he was really and truly awake, and not dreaming. For there was his voice down in the alders and there was himself sitting in the big pine tree with his mouth closed as tight as he could shut it. Did ever a jaybird have anything so queer as that to puzzle him?

Anyway, Sammy Jay knew that he didn't scream in his sleep, and there was a whole lot of comfort in that. He could eat with a better appetite now. You see when he had been told that he was screaming in the night Sammy had been afraid that he was doing it in his sleep, and if he was doing it, why some dark night Hooty the Owl might hear him and find him and that would be the end of him. Now he knew that he could go to sleep in peace, just as he always had.

Sammy Jay brushed and smoothed out his handsome blue coat and made himself as neat and smart appearing as possible. He had been so worried lately that he hadn't taken much care of himself, which is very unusual for Sammy Jay. Now, however, he felt so much better that he began to think about his looks. When he had finished dressing he started for the alders beside the Laughing Brook just to have a look around. Of course he didn't expect to find his voice down there, for whoever saw a voice? Still, he thought that he might find something that would explain the mystery.

He hunted all around in the thicket

Then Out Popped Jenny Wren.

"Isn't it enough to keep us awake half the night without coming down and screaming all day?"

"I haven't been down here in the night and I haven't kept anybody awake!" replied Sammy Jay indignantly.

Jenny Wren came right up in front of Sammy Jay and hopped up and down. She was so mad that with every word she jerked her funny little tail so that Sammy Jay almost had to laugh.

"Don't tell that to me, Sammy Jay! Don't tell that to me!" she cried. "Didn't I see you with my own eyes sitting on that alder over there? Don't tell that to me! You ought to be ashamed of yourself!"

Next story: Sammy Jay Seeks Advice.

PITCHED FROM WAGON NEAR SANDERS CREEK.

While Donk Young of Garretts Bluff and Houston Parsons of Bock were driving in a wagon yesterday morning on their way to Sanders creek bottom to work the roads one of the wheels dropped in a rut. They were driving along with a loose rein not paying much attention to the lumps in the road, and the suddenness of the jolt pitched both of them

and the spring seat out on the ground.

Mr. Young landed on his shoulder and nearly dislocated it. Mr. Parsons fell on top of him and escaped with slight bruises. The mules pulled the lines loose and ran away. After going half a mile or more they overtook Mace Parsons and J. M. Whitstine on a truck. They jumped from the truck to stop the runaways, and Mr. Whitstine succeeded in bringing them to a halt by hitting one of the mules squarely between the eyes with a big club.

Clarence Parsons and family who were on their way to Paris in an automobile, picked Mr. Young and Houston Parsons up and carried them to where their team had been overhauled.

Will Leave For School.

A number of Paris boys and girls will leave between now and next Monday for different points to attend school. About fifteen will go to the state university and several will go to the Southern Methodist University.

Piano Teacher.

"SWAMP CHILL
TONIC DOES
THE WORK!"

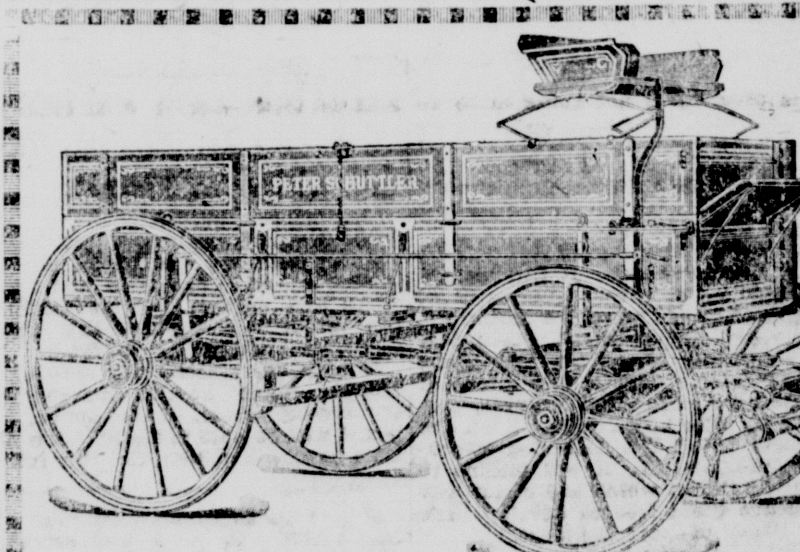

Arkansas Merchant Highly
Praises Famous Old
Remedy

J. W. Martin, Dealer in General Merchandise, Old Grand Glaze, Ark., tells a lot of Swamp Chill and Fever Tonic. The reason he sells a lot is expressed in a letter he recently wrote to the work. "I certainly want to thank you for your fair dealing."

John C. Rogers, Center, Tex., says: "I have sold your Swamp Chill Tonic for years and it is my favorite tonic. I always recommend it, because of its fine laxative properties."

Dealer C. E. Miller, Dornale, La., says: "I handle all the standard chill tonics on the market, but sell tea bottles of Swamp Chill Tonic to one of my other kind. After a customer has used it once he or she will use no other kind."

Thousands of other dealers in many different towns and cities strongly recommend Swamp Chill Tonic to their customers as the very best malarial remedy on the market. 50 cents a bottle—get one today.

MADE BRITISH NAVY GREAT

According to Magazine, the "Round Pond" in Hyde Park Awoke Ambition of Youth.

Great Britain always has been a great business nation, but she only attained her position of sea supremacy in the eighteenth and nineteenth centuries.

It came about in this way. A queen, Catherine, consort of George II, was interested in laying out royal parks, and in that end of Hyde park that is now called Kensington gardens she decided whimsically that a patch of water was needed. This is the famous Round pond, the germ from which the British sea spirit was born. London boys began to sail on the pond little boats of their own fashioning, but soon shops sprang up to supply them with "mass production pattern ships" and there is practically no amateur building today. It became the fashion for superior boys to wear sailor suits; and paintings of little boys in the early nineteenth century show that a jaunty ship in hand was considered artistic and proper, too.

It was sea imagination that the Round pond awoke in Great Britain, and without it the greatest of fleets would never survive. It is sea imagination as a national faculty that America needs and must have.

There should be a Round pond for boy ship experimenters in every part of the United States.—The Nation's Business.

DIFFER OVER WHAT IS JUNK

Opinions of Men and Women Show a Decided Variance as to Important Subject.

"Junk is that pile of old clothes my husband doesn't wear and won't let me give away. Says some day he will wear it on a fishing trip. That pile of magazines he is saving till he finds time to read them is junk; that collection of pipes he never smokes is junk. Oh, if you want to know what junk is ask any married woman. She knows."

Ask a man.

"Junk? Well, I don't know a better way to define the word than to give an example. My wife has chests and bureau drawers filled with table cloths and remnants of calico, lace and all that sort of stuff which she never uses. That's junk. She has all her old hats in that large box on top of the closet shelf. That's junk. We are only two in family, but she has enough dishes to serve twenty people and enough pots and pans to cook for forty. That's junk. Oh, I should say offhand that junk is the accumulation of things around a house for which a woman has no immediate use and may never use. That's a pretty good definition of the word. Ask any man. He'll tell you the same."

What do you think is junk?—New York Evening Sun.

Life and Death a Unity.

Life is a state which follows upon death. Death is a state which precedes life. Which of us understands the laws that govern their succession?

The life of man is the resultant of forces. The aggregation of these forces is life; their dispersion, death. If, then, life and death are but consecutive states of existence, what cause for sorrow have I?

And so it is that all things are but phases of unity. What men delight in is the spiritual essence of life. What they loathe is the material corruption of death. But this state of corruption gives place to that state of spirituality and that state of spirituality gives place in turn to this state of corruption. Therefore we may say that all life is the universe is comprised in unity; and therefore the inspired among us have adopted unity as their criterion.—H. A. Giles, in "Translated Gems From Chinese Literature."

Growing Roses in France.

The French farmers set their bushes in rows about four feet apart on the gentle slope of the hills, and so far as is possible, where they have a south-eastern exposure. Young shoots are taken from five-year-old bushes, and, when they have grown, they are trimmed to about a foot in height, and such buds as appear are picked off, to preserve the vitality in the bush and to assure a large crop for the second year.

After the bush attains the age of seven years it does not produce the quantity or quality of oil, so it is pulled up and a new one planted in its place. The rose harvest begins in April, runs through May and June.

Water Stored in Form of Ice.

With the idea of getting away from the expensive construction of dams for the purpose of storing water, the suggestion has been made that the water be stored in winter in the shape of ice and allowed to melt as it may be desired in summer time. This would insure water in sufficient quantities for small irrigation systems at least and certainly would cut down the expense of storing. In addition to this it would afford work for a certain class of labor which usually is not occupied at this season of the year.

Meaning of Word "Hogan."

The hut of the Navajo Indians is called a "hogan." It consists of a conical framework covered with poles, bark and earth. The main beams turn north, south and west, while the entrance is on the east side. Sometimes the shelter of the Pima tribes are also called hogans.

City Marshal E. F. Harrell and Officers Floyd, Baughn and Rogers attended the Clarksville fair yesterday afternoon.

DEBS CLAIMS IMPRISONMENT PRIVILEGE, NOT SACRIFICE

By The Associated Press.
Atlanta, Sept. 14.—A statement by Eugene V. Debs, socialist candidate for president, to Georgia socialists who visited him at the Atlanta federal penitentiary, was made public tonight by Samuel L. Castleman, local counsel for the socialist leader.

Debs declared his stay in prison was not a "sacrifice and since some one had to be chosen to do this work I esteem it a rare privilege to be able to do so little for the cause which has done so much for me." Humanity is being "crushed and crucified," in the "animal-like" struggle for existence today, the socialist nominee declared, and predicted that "out of this will be born a new civilization wherein the workers of the world will triumph," and will be "a competition between man and man to excel in service and devotion to mankind."

The gathering took place yesterday afternoon, September 13, having been called on by the socialists as "Amnesty Day."

On behalf of the gathering Mr. Castleman made a brief address of greeting and pledged the socialists to "endeavor to dedicate our lives and fortunes to the very end until we attain political and industrial emancipation for mankind."

The nominee, holding in his arms a bouquet of American beauty roses presented to him, made a short reply in which he hardly touched on politics but spoke of his devotion to the cause.

OFFICIAL NOTICE.

Notice is hereby given that the City Council of the City of Paris, at a special session held on the 27th day of August, 1920, passed under suspension of the rules a resolution ordering the city engineer to prepare plans and specifications for paving that portion of East Austin street between the east boundary line of 25th street and the south boundary line of 26th street, said property to be paved with vitrified brick on a one-inch concrete foundation. Pursuant to the above resolution, the city engineer presented an estimate at a special session of the City Council, held on the 13th day of September, 1920, with plans and specifications showing the cost of paving said street, also a list of property owners in said district abutting thereon, which was duly accepted and approved by the Council. The total estimated cost of said paving being \$18,712.90. Eight hundred and thirty-three and 1/10 Dollars. The names of the property owners whose property abuts thereon are as follows: Will Johnson, 120 ft. @ \$12.26, = \$1,471.20; Intersections \$209.60. Said property owners are hereby notified to appear before the City Council, at 7:30 p. m., on the 27th day of September, 1920, to present objections to said proposed improvements and introduce testimony to show that the estimated cost of said proposed improvement in front of their property exceeds the benefit to the property and such other objections as they may have to making of said proposed improvement, and any and all claims for exemption that said parties may claim by reason of the property being homesteaded or otherwise. The plans and specifications are on file at the office of the city engineer, showing the estimated cost to each property owner abutting on said street, also the total cost. J. M. CROOK, Mayor, City of Paris, Texas. Attest: W. G. GEORGE, City Secretary, City of Paris, Texas.

OFFICIAL NOTICE.

Notice is hereby given that the City Council of the City of Paris, at a regular session held on the 16th day of August, 1920, passed under suspension of the rules a resolution ordering the city engineer to prepare plans and specifications for paving that portion of South 18th street between the south boundary line of Braine street and the north boundary line of Parr Ave.; said street to be paved with vitrified brick on a one-inch concrete foundation. Pursuant to the above resolution, the city engineer presented an estimate at a special session of the City Council held on the 6th day of September, 1920, with plans and specifications showing the cost of paving said street, also a list of property owners in said district abutting thereon, which was duly accepted and approved by the Council. The total estimated cost of said paving being \$1,655.78. One thousand six hundred and fifty-five and 78/100 Dollars. The names of the property owners whose property abuts thereon are as follows: T. F. Justice, 89 ft. @ \$22.99; Simon W. Williams, 120.5 ft. @ \$22.16; carb \$179.62. Said property owners are hereby notified to appear before the City Council, at 7:30 p. m., on the 27th day of September, 1920, to present objections to said proposed improvements and introduce testimony to show that the estimated cost of the proposed improvement in front of their property exceeds the benefit to the property and such other objections as they may have to making of said improvement, and any and all claims for exemption that said parties may claim by reason of the property being homesteaded or otherwise. The plans and specifications are on file at the office of the city engineer, showing the estimated cost to each property owner abutting on said street, also the total cost. J. M. CROOK, Mayor, City of Paris, Texas. Attest: W. G. GEORGE, City Secretary, City of Paris, Texas.

OFFICIAL NOTICE.

Notice is hereby given that the City Council of the City of Paris, at a special session held on the 30th day of August, 1920, passed under suspension of the rules, a resolution ordering the city engineer to prepare plans and specifications for constructing concrete sidewalks on the west side of 7th street, between the north boundary line of Bonham street and the south boundary

line of Houston street. Pursuant to the above resolution, the city engineer presented an estimate to a regular session of the City Council, held on the 13th day of September, 1920, with plans and specifications showing the cost of constructing said sidewalks, also a list of property owners in said district whose property fronts thereon, which was duly accepted and approved by the Council. The total estimated cost of constructing said sidewalks being \$767.75 and the cost of construction per square foot being \$1.20. The names of the property owners whose property fronts thereon, are as follows: W. M. Moore, 256 ft. @ \$1.20, \$307.20; O. J. Ferguson, 72.6 ft. @ \$1.20, \$87.12; S. W. Rutherford, 161 ft. @ \$1.20, \$193.20; W. W. Shannon, 147.2 ft. @ \$1.20, \$176.64. All of the property owners whose property fronts on said proposed improvement are hereby notified to appear before the City Council at 7:30 o'clock p. m., on the 27th day of September, 1920, to present objections to said proposed improvement and introduce testimony to show that the estimated cost of the proposed improvement in front of their property exceeds the benefit to the property and such other objections as they may have to the making of said improvement, and any and all claims for exemption that said parties may claim by reason of the property being homesteaded or otherwise. The plans and specifications are on file at the office of the city engineer showing the estimated cost to each property owner fronting on said improvement, also the total cost. J. M. CROOK, Mayor, City of Paris, Texas. Attest: W. G. GEORGE, City Secretary.

BROOKLYN STRIKERS PUT UNDER BONDS FOR RIOTING

By The Associated Press.
New York, Sept. 14.—Eight of the fourteen Brooklyn rapid transit strikers arrested on Labor day for an alleged attack on a trolley car during which a man was shot and several others injured, were held in \$1,500 bail each today for action of the grand jury.

Two of the men discharged were re-arrested on charges of "wearing a United States army uniform while participating in a riot."

WILL ASK FOR TAX TO EQUALIZE POLL PAYMENT.

Austin, Sept. 15.—Legislation to safeguard the November elections will be the principal subject before the Texas legislature when it convenes in extraordinary session on September 21. Ratification of the nineteenth federal amendment having necessitated changes in the state's election law, Governor W. P. Hobby, in calling the special session today, asked the legislative body to take steps to prevent discrimination among voters and to prescribe qualifications necessary to exercise the right of ballot.

In a statement Governor Hobby said he would urge the legislature to enact a law giving all persons who have not paid the poll tax fifteen days in which to pay a fee or tax equal to the poll tax, in order to qualify in the November election. The

money thus derived should go to the school fund.

Declaring that about 750,000 men, and women in Texas already were qualified, the executive said there are at least 2,500,000 men and women of voting age in the state who, under the 19th federal amendment, have the right to cast their ballot regardless of the poll tax laws. "This should be avoided," he said, "because it is unfair." Possibility of "repeaters" and "fraudulent votes" also should be avoided, he declared.

DAISY BREAD IS GOOD BREAD. Ask for and insist on having DAISY BREAD. It is made right, is sanitary, and above all is good to the last mouthful. Buy Daisy Bread from your grocer or from the Lamar Avenue Bakery.

ARKANSAS MOONSHINE STILL WAS DESTROYED.

Hot Springs, Ark., Sept. 15.—One of the most complete illicit stills officials have yet found in this section was destroyed today by federal prohibition officers, assisted by local officers. The still was located 12 miles north of the city on the Cedar creek. The capacity of the still was 300 gallons and it was capable of turning

INDIANS RECOVER LEADING POSITION

Cleveland Again Leads As Result Of Victory Over Washington and Yanyee's Defeat.

By The Associated Press

New York, Sept. 16.—Cleveland slipped into first place in the American league pennant race today while the little between the other two contenders, Chicago and New York, resulted in a victory for the White Sox. Brooklyn widened the gap separating it from Cincinnati to six full games by scoring first blood in the series with the Reds.

The Cleveland Americans were held to three hits by Zachary of Washington, but the Indians won. Chicago pulled New York from its top position by beating Quinn and Collins hard. If Brooklyn wins six of its eleven remaining games, the Reds to nose them out, would have to win 16 out of 18 games.

AMERICAN LEAGUE

Kerr Stops Yankees.

Chicago, Sept. 16.—Chicago forced New York out of first place in the American league pennant race today by taking the first game of the crucial series 8 to 3, while Cleveland shut out Washington. Chicago showed a reversal of form after a day's layoff and supported "Little Dick" Kerr with heavy hitting.

Sensational fielding by Jackson, Felsch and Strunk was another factor in subduing the pace-making Yankees.

Babe Ruth, the home run king, failed to smash out his fiftieth homer, although he faced Kerr five times. He cracked out a brace of infield singles and in the sixth inning, when Kerr showed indications of weakening by walking two men at the start, Ruth was fanned for the third out, leaving two runners stranded on the bases. Chicago fell on Pitcher Quinn in the second inning, scoring four runs on five hits, which included doubles by Strunk and Jackson and John Collins' triple. Mogridge checked the White Sox when he replaced Quinn but was himself relieved by a pinch hitter. The White Sox continued their batting rampage against Ray Collins, and were aided by two errors.

New York ... 000 002 010—3 9 2
Chicago ... 040 001 30X—8 13 1
Quinn, Mogridge, R. Collins, McGraw and Hannah; Kerr and Schalk.

Win With Three Hits.

Cleveland, Sept. 16.—Cleveland went back into first place today when it won an exciting pitcher's battle from Washington. The fielding of Wambegans and Harris was brilliant.

Washington ... 000 000 000—0 4 0
Cleveland ... 000 000 01X—1 3 1
Zachary and Gharity; Mails and O'Neill.

Athletics Defeat Browns.

St. Louis, Sept. 16.—Sethoron weak-

ened in the 11th today and Philadelphia drove in four runs and won. Phila. ... 110 000 020 04—8 12 1
St. Louis ... 101 000 002 01—5 12 2
Perry and Perkins; Deberry, Sothoron and Billings.

Bush's Double Wins.
Detroit, Sept. 16.—Bush's double to center in the tenth inning won today's game with Boston for Detroit 7 to 6.
Boston ... 002 030 010 0—6 8 2
Detroit ... 021 000 030 1—7 12 3
Bush, Penneck and Schang; Crump, Conkright and Stange, Manion.

NATIONAL LEAGUE

Superbas Strengthens Lead.

Brooklyn, Sept. 16.—Brooklyn's chances of winning the National league pennant were enhanced today when Manager Robinson led his team to a 5 to 3 victory over Cincinnati. The world's champions started off as if intent upon upholding their title, but the way the Superbas came back at them in their half of the first, took some of the fight out of Moran's men.
Cincinnati ... 100 020 000—3 10 1
Brooklyn ... 000 001 10X—5 19 1
Reuther, Fisher and Wingo; Grimes and Miller.

Giants Win and Lose.

New York, Sept. 16.—Nehf's remarkable one hit game enabled New York to break even with Pittsburgh in today's doubleheader.

First Game:
Pittsburgh ... 000 002 001—3 8 1
New York ... 000 000 100—1 4 1
Hamilton and Schmidt; Barnes, Douglas and Snyder.

Second Game:
Pittsburgh ... 000 000 000—0 1 0
New York ... 110 000 11X—4 7 0
Ponder and Schmidt; Nehf and Smith.

Cards Divide With Braves.

Boston, Sept. 16.—Boston and St. Louis divided a doubleheader today, the visitors winning the first game and the home team capturing the second.

First Game:
St. Louis ... 020 002 000—4 10 0
Boston ... 100 200 000—3 9 0
Goodwin, Sherdel, Lyons, Doak and Clemens; Scott, McQuillan, L. Townsend and Gowdy.

Second Game:
St. Louis ... 200 000 010—3 8 0
Boston ... 002 000 011—4 14 0
Haines and Griesenbeck; Clemens; Oeschger and O'Neill.

Home Run In Ninth.

Philadelphia, Sept. 16.—Robertson's home run with two on base in the 9th broke up a close game between Philadelphia and Chicago today, the Cubs winning.
Chicago ... 003 030 003—9 12 2
Philadelphia ... 201 002 000—5 13 1
Vaughn, Alexander and O'Farrell; Hubbell, Enzman, Causey and Withrow.

SNAPPERS HAVE SHERMAN TO LICK NEXT SUNDAY

The Snappers are hooked for another game Sunday, this time with Sherman, which club has secured the entire bunch that represented Wylie

STANDING OF THE CLUBS.

American League	W	L	Pct.
Cleveland	128	86	.62
New York	127	88	.61
Chicago	121	96	.56
St. Louis	120	98	.55
Washington	111	108	.48
Detroit	108	114	.45
Boston	107	115	.44
Philadelphia	103	120	.42

National League	W	L	Pct.
Brooklyn	125	85	.62
Cincinnati	125	75	.62
New York	120	77	.62
Pittsburgh	117	72	.62
Chicago	111	69	.62
St. Louis	110	65	.62
Boston	107	68	.62
Philadelphia	103	64	.62

earlier in the season. Paris fans will recall Lefty Clowers who pitched for Wylie in that memorable Sunday battle with Wylie and this same Clowers is slated to pitch for Sherman next Sunday. Opposed to Clowers will be Lefty Phillips who has pitched two games for Paris, both of which were shut out affairs.

A little between these two crack southpaws should be worth going a long way to see. Clowers is admitted by the best bet in the amateur pitching ranks in Texas, while Phillips is regarded as the best thing in the hurling line in Oklahoma. A battle royal between these two crack left hand flingers is assured. Clowers owns one victory over the Snappers this season, but he will have to go some if he downs the gent from Oklahoma. It will be Texas against Oklahoma this time, and for once the sympathy of Paris fans will be with the crooked arm heaver from the other side of Red river.

The Snappers will have the same line up next Sunday that they presented the past Sabbath, and that front could hardly be improved. It is true that Johnson at third booted a couple, but Johnson is a good ball player, and they are all liable to have their off days. Phillips made it easy for them all Sunday, for when the visitors got runners on the bases he proceeded to strike out the next ones up. The line up of Sunday will do for the Paris fans, and if Clowers and his pals can beat that bunch they will have to go some.

The Sherman crew will line up as follows: Love, C. Clowers, P. McKown, 1b; McFarland, 2b; Staueup, 3b; Echols, ss; Griggs, Higginbotham and Douglas, outfield. Higginbotham is well known in Paris, while Griggs has been playing professional ball all season. This gang on paper is about the strongest aggregation that has been here this year, and the fans are in for some big doings when they tie up with the Snappers.

NEW DODGE CARS

We now have on our floors ready for immediate delivery one new Dodge Touring Car and one Dodge Roadster. See these cars at once if you want one immediately. Texas Auto Sales Co., South Wall Street.

GOOD COOK—GOOD PAY

A good cook wanted for family of three. Only two meals a day. Apply 54 West Washington. (90 pd)

GEORGE B. TERRELL SPOKE TO TEACHERS

Democratic Nominee Principal Speaker before Our County Teachers.

In the absence of Rev. R. B. Curry, who was to have led the devotional exercises preceding yesterday's session of the teachers' institute they were conducted by Rev. J. A. Phillips, pastor of the Methodist Protestant church, whose theme was "The Struggle between Right and Wrong." His remarks on immoral exhibitions were endorsed by the institute.

The first work of the day was a short business session in which Supt. J. A. Fulk took the lead in finishing up the collections for incidental expenses and in the enrollment of the State Teachers' Association, which will be held in Fort Worth on Thanksgiving day. He made a few announcements before Conductor Fling's morning work began.

Prof. Fling's absorbing subject of the forenoon was "Why study Literature?" In his discussion he used many quotations from the greatest authors, which left a lasting impression. Among the quotations were "Dwell in thought upon the grandest and the grandest you will see; fix your mind upon the highest and the highest you will be"; and "No man is higher than his ideal."

His appeal to the teachers was to interpret literature to the child in such a way that it will prove that life in an interpretation of literature. The primary work in the sectional department was conducted by Mrs. Granberry. A profitable lesson in costume was taught by using boys and girls of the third grade from West Paris and Fourth Ward schools.

In the intermediate section the subject of manual training and home economics was discussed along with agriculture and geography. The speakers were Miss Elsie Watkins, Mrs. B. A. Davis, Miss Johns and Miss Mattie Epperson.

In the High School section various activities, such as athletics, chapel exercises, school excursions and literary societies were ably discussed by Prof. J. L. Breechen of Roston and Prof. L. C. Mitchell of West Paris, with a few remarks in conclusion by Conductor Fling.

At the afternoon session Miss Henrietta Warren treated the teachers to a surprise by giving two excellent readings. Her interpretation of one of the stories "The Cabbage Patch" was intensely interesting.

The first speaker on the afternoon program was Geo. B. Terrell of Cherokee county, who is the democratic nominee for commissioner of agriculture. He was introduced by J. W. Kenner of Bardonia, who is interested in Farmers Union activities. Mr. Terrell expressed his appreciation of Lamar county's support in the recent primary, and gave some interesting facts as to the distribution of the state tax money to the different departments. He also gave an account of the State Farmers Institute that was recently held in Austin.

Prof. Symmes of the Paris Commercial College gave some interesting points in regard to how to stimulate interest in penmanship, together with demonstrations on how to start penmanship teaching in the rural schools.

Prof. J. M. Roach, president of the college, offered the free penmanship course to teachers who wished to raise their standard in penmanship.

A representative of educational motion picture films to be introduced in the rural schools was present and announced a meeting of teachers in the High School building last night to demonstrate his work.

Conductor Fling gave a lecture in the afternoon on "The Place of the Story in Education," and demonstrated

ed to the teachers the best way of telling a story.

County Supt. J. A. Fulk read to the institute a telegram that he received from E. L. Dohoney, chief clerk in the Department of Education, stating that he would arrive today in time to address the institute and trustees in the afternoon on matters relating to the repeal of the amendment to be voted on in November.

Today will be the closing day of the institute.

ENGLAND TO BREAK IRISH REPUBLICANS

**Daily Mail Has Discovered Plan To
Appeal For Volunteers In
Maintaining Order**

London, Sept. 14.—The Sinn Fein intelligence department claims it has learned that the British military government, acting with members of the cabinet has decided to break the republican movement in Ireland before parliament reassembles October 19, according to the Daily Mail's Dublin correspondent.

"Certainly a pronounced change has occurred in the councils of the high military officers in Dublin," the dispatch adds. "Two months ago they were inclined to look upon peace proposals, based on dominion home rule, and opposed the arming of the Ulster volunteers. They now approve the latter scheme."

The Daily Mail also reports that it is the intention of the government to appeal for volunteers to assist in maintaining order, the call for volunteers being confined to Ulster.

**TERRELL FAVORS HAVING
COTTON PRICE COMMITTEE.**

Austin, Texas, Sept. 15.—Creation of a permanent cotton price fixing committee to be composed of business men, bankers, farmers and repre-

sentatives from the Texas Agricultural and Mechanical College and the State Department of Agriculture, will be recommended to the Thirty-seventh legislature when it convenes next January, by George B. Terrell, Democratic nominee for commissioner of agriculture, Mr. Terrell has announced.

Mr. Terrell, whose election is considered by political observers as assured, said that he will make an effort to work in harmony with the extension department of the Agricultural and Mechanical College to the end that there shall be no duplication of work done by the two institutions. He declined to comment on other policies he may inaugurate, although he intimated there possibly would be changes.

**DENISON LOSES OFFICES
OF KATY CAR ACCOUNTANTS.**

Denison, Texas, Sept. 15.—Efforts of the Denison Chamber of Commerce to keep the offices of the car accountant of the Missouri, Kansas and Texas railroad in Denison, have failed and the offices will be moved in the near future, to Parsons, Kan., it has been announced. In a letter to W. N. King, secretary of the Chamber of Commerce, C. N. Whitehead, operating officer of the road, stated that the move was being made as a part of the road's plan for more economical operation and that his end would be served by consolidation of the Denison and Parsons offices.

TRY THE SAVOY CAFE

Located at 37 Bonham street. Is one of the neatest, cleanest little eat shops in the city. Everything new, neat and clean, with a first class chef in charge. Quick lunches, cooked right and served right; also delicious hot waffles. Remember the name, the Savoy, and the place, 37 Bonham street, and give us a call.

**RETURNED SOLDIER TO
GO TO GERMANY FOR BRIDE**

Corpus Christi, Texas, Sept. 15.—After more than ten months of effort to obtain proper passports, W. P. Bub, a young farmer of the Realitos (Texas) district is preparing to start overseas to claim for his bride a Ger-

man sweetheart whom he left in the occupied area around Coblenz.

During the war Mr. Bub served with the American army in France and later was stationed in Germany in the Army of Occupation. There were orders not to fraternize with the enemy, but when the "enemy" happened to be a nice looking young woman, orders were disobeyed in many instances. Mr. Bub did and when he left Europe he had promised to return for his sweetheart.

His first application for passport was made through the office of the United States commissioner here. Some time later, on January 10, this year, his first passport was issued. It proposed to route the young man through France and in anticipation of a speedy trip to Germany Mr. Bub left Texas in high spirits. His enthusiasm received a jolt when he reached New York, for he was informed that he would have to obtain a passport routing him through Holland before they would give it.

Returning to his home, the Texan made application for the passport designated and after more delay received it. By this time, however, pressure of business kept him at home until the months' limit expired and a new passport was required.

Following a conference with steamship agents recently, in which he was told that if he procured a passport to Switzerland he could leave immediately for Hamburg. Mr. Bub returned to Corpus Christi and made application for a third passport. He expects to leave for New York as soon as the papers arrive. He said that he will bring his bride with him to his farm near Realitos.

**RAILROADS AND MOVIES
FOR CHINA ARE UP TO US.**

New York, Sept. 15.—The Far East bids fair to become the greatest foreign outlet in the world for American manufacture and enterprise, if properly developed by our business men and investors, declared Thomas W.

Lamont, of J. P. Morgan and company today, following his return from the Orient where he participated in formation of the consortium to place China on a firmer economic foundation. His address was delivered before the American Manufacturers' Association.

"A great system of railroads must be built over there," he said, pointing out China would require considerable American steel, bridges, equipment, farming implements, cotton mill and mining machinery and machine mining tools.

"To keep 400,000,000 people supplied with moving picture shows," he said, "will be quite a task even for Americans."

Did You Pay Your Water Bill?
If not the "cutoff" man has your number. When you find the water off don't "cuss"—come good humored to the office, pay your bill and \$1 penalty.—It's nobody's fault but yours. It's no use to abuse any other man.

And in the future observe the rules. We must collect our bills promptly.
C. C. Duggan, Supt.

Mrs. Troy Thompson, will open her music classes, Sept. 20, 1920. For information telephone 1398.

DUROC ROUND-UP TO BE HELD IN DALLAS

Dallas, Texas.—State Fair of Texas officials announce that Dallas and the state fair grounds have been chosen as the scene of the 1920 Southwest National round-up of Duroc-Jersey fatten-

city pigs, given annually under the auspices of the National Duroc-Jersey association, and this year affiliated with the Texas Duroc Breeders' association and the State Fair management.

The round-up is a competitive affair and each year attracts hundreds of breeders from throughout the United States. This year a total of \$2,400 in prizes has been guaranteed.

SHEEP EXHIBITS WILL BE LARGE THIS YEAR

Dallas, Texas.—A greater interest is being manifested in the sheep division of the State Fair of Texas this year at this time than during any previous year, according to announcement just made by J. M. Jones of the Texas A. & M. college, who is superintendent of that division. Not only have the premium classifications in this division been increased, states Mr. Jones, but in addition a modern, commodious sheep barn has been completed, which will be ready for occupancy at the opening of the fair. Mr. Jones has called attention of sheep men to the fact that Rule 14 in the sheep and goat division reads this year as follows:

"Flock—A flock shall consist of one ram any age; one ewe two years old or over; one yearling ewe, and one ewe lamb."

STATE FAIR SPACE IN GREAT DEMAND

Demand for space at the State Fair of Texas grounds this season is unprecedented, according to Secretary Stratton and President Keist. Practically all of the space has been sold, although some remains which may be made available to late applicants. This, however, is going fast. The State Fair officials state that never before in the history of their experience with the State Fair of Texas has there been such a host of applications for reservations of ground space, booths and indoor exhibits.

MANAGER OF ALABAMA COAL MINE IS KILLED

JASPER, Ala., Sept. 16.—L. M. Adler, general manager of the Corona Coal Company, was shot to death from ambush while riding in an automobile between Patton and Patton Junction today, while accompanied by two deputy sheriffs named Sullivan and Coker. Both of the deputies were struck by bullets and believed to have been fatally wounded, although they were reported still alive at a late hour tonight.

The shooting is considered the outgrowth of the coal strike which has been in progress in Alabama for ten days, and after the killing Sheriff Clark Guthrie of Walker county called upon Governor Kilby for troops. Late tonight the sheriff announced that he had been informed that the state forces would begin arriving at the meeting camps tomorrow.

COX WILL MAKE REASONABLE CONCESSIONS TO LEAGUE

Reno, Nevada, Sept. 16.—Assertions that he would "make any reasonable concession" to bring about American membership in the league of nations was made by Gov. Cox, the democratic presidential candidate here tonight at the close of his Nevada campaign.

In his statement, a telegram to Prof. Irving Fisher of Yale university, Gov. Cox said the democratic platform opposed only reservations of nullification. The governor announced that he would endeavor to meet all reasonable desires for proper reservations.

LOUISIANA COMMISSION DENIES PASSENGER RAISE

Baton Rouge, Sept. 16.—The Louisiana rail road commission today handed down a decision putting into effect in Louisiana the rate advances allowed by the interstate commerce commission except as applied to rice, sugar, cane, sand, gravel, milk and cream, upon which subjects the commission wishes to secure further data.

The advanced passenger rates were denied.

The freight rate advance is effective October 1.

SEARCH SPECTATORS FOR WEAPONS IN COURT ROOM

Fort Worth, Sept. 16.—The jury to try Bob Brazier, charged with killing Les Sigler, former Ardmore, Okla., marshal here, Dec. 16, 1919, was completed this afternoon and testimony will be taken tomorrow. Anticipating trouble that may arise from the fact that feeling is running high between witnesses for both sides and partisan spectators, it was announced today that all who enter the court room during the trial will be searched for deadly weapons.

MR. HANDLEY OF RHONE IS AMONG THE MISSING

Memphis, Sept. 16.—The police of this city have been requested to hunt for R. D. Handley of Rhone, Texas, by his son, S. D. Handley, superintendent of schools in the Texas town.

The elder Handley is reported to have left Fort Worth, Texas, on August 25,

with a through ticket to Tupelo, Mississippi, where he was to visit relatives. He is known to have arrived in Memphis late the following day. A letter written by him on August 28, dated this city, stated he was ill. This letter was not received in Tupelo until Sept. 11.

MAN POWER

is very scarce just now. Wouldn't you consider it quite a favor if some one would tell you how to enable one man to do the work of four.

I think I can. I live 25 miles south east of Paris. I run a cotton gin and buy more than half of the seed that are at my gin. I want them in the big mills of Paris every badly. It takes a team two days to get a ton there now.

Broken bridges, creek bottoms, and other mud holes to contend with.

There's a backbone road from my gin to Reno, 19 miles away. It's 5 miles from there to Paris also over a backbone, bridgeless road. Why not make a 40 foot road from there to Reno without a bridge or low place in it.

Get two heavy, wide tired wagons and make a trailer of one. Build your seed-house off the ground eight feet and use your waste air from your fan to hoist them. It's easy to load four tons of seed that way in an hour. Hitch eight big horses (3600 pounds) to this four ton load and make it to Paris easy in a day. Let your driver unload and return next day. There's a road like this from every man's door on south side of Lamar county to Paris. What's the use to pay a man \$4.00 per day to drive one little team when he can just as well jerk the line over eight, twelve hundred pounders?

This idea is good for this generation of men and will be a ready built, self maintaining road bed for many future generations.

S. A. CUNNINGHAM.

WILL OPEN STUDIO

Miss George Jones Phillips will begin her class for violin students, Monday, Sept. 20. Call 700 for further information. (3tpd)

THE LEAGUE OF NATIONS COUNCIL IS IN SESSION

Eighty acres extra good gray land. Ten miles northwest of Paris. Part cash, balance can be carried in notes to suit purchaser. See Clement Few at Rodgers-Wade Furniture Co., or Ernest George at Crook-Record Co.

ANCIENT HUSBAND KILLED BY HIS FATHER-IN-LAW

Shreveport, Sept. 16.—Enraged by the alleged ill-treatment of his 18-year-old daughter by C. B. Martin, her 60-year-old husband, H. G. Newman, father of the girl bride, tonight shot and instantly killed his son-in-

law in Bastrop, La., where the alleged slayer resides.

Martin was a wealthy farmer. Newman surrendered to the authorities.

ATTENTION MUSICAL ART SOCIETY MEMBERS

All members of the new Musical Art Society of Paris are requested to meet at the Chamber of Commerce this afternoon at 5 o'clock. Plans for the fall and winter work will be discussed and details of organization completed.

J. Emory Shaw, Director.

John Nee Stays With Bears

San Antonio, Sept. 16.—John Nee, manager of the San Antonio base ball club of the Texas league during the past season, has signed to pilot the Bears on the playing field again in 1921.

Colonel Jones Dead

Montgomery, Sept. 16.—Col. Harvey E. Jones, 78, former adjutant general of the United Confederate Veterans, died today in Mobile.

Oldsmobile EIGHT

A SUPERFINE piece of machinery—that is the first claim to distinction of the Oldsmobile "Eight." Its high speed, V-type eight-cylinder engine produces a velvety flow of power at all gaits from a mile an hour to a racing speed. Its two-phase power is responsible for startling acceleration and great fuel economy. And these are but examples of the superiorities that extend to every part of this celebrated chassis.

The Oldsmobile "Eight" sets the pace in style and comfort as mechanically. Demonstration at your convenience.

Romantic Wedding.

On Thursday, Sept. 9th, at 4 o'clock at the Baptist parsonage at Wellington, Texas, Miss Jessye Bentley of Emberson and Mr. Harry Burden of Wellington were quietly married.

The bride took her many friends and relatives by a complete surprise. About ten days ago she and her sister, Miss Minnie Bentley, one of Lamar county's popular young teachers, had gone on a visit to Shamrock and other points in the West. While there cupid thrust his dangerous arrow and Mr. Burden persuaded Miss Bentley to remain on the romantic plains.

The bride is the daughter of Mr. and Mrs. T. B. Bentley, one of Lamar county's oldest and best known families.

Her many friends wish for the young couple the greatest happiness and success through life yet she will be missed by the entire community, she being helpful in both social and church work.

She was one of Emberson's most popular young ladies and numbered her friends by all who knew her.

The groom is one of the leading young business men of his town and returned from France about six months ago.

They have gone for a brief honeymoon to Phoenix, Ariz., and after their return will be at home at Wellington.

Those Who Leave for School.

Misses Marvin Coleman and Katherine Moore and Ruth Hoeker of Clarksville and A. P. Boyd leave Monday for Dallas to attend S. M. U.

Misses Miriam Coleman, Margie Lou Moore and Edna Duncan and Virginia Baker of Dallas will go together Monday to Ward-Belmont.

Miss Edna Duncan leaves Monday next for Ward-Belmont.

A. P. Boyd will leave for Dallas Monday to attend S. M. U.

Earl Webster and Hugh Anderson will go to Austin next week to enter the University.

Bridge Announcement.

There will be no meeting of the Girls' Bridge Club this week. Further announcement will be made later, giving the next date for a meeting.

Dance at Odd Fellows' Hall.

About twenty-five members of the

younger set enjoyed a subscription dance at the Odd Fellows' Hall. Phil Baxter's orchestra from Dallas furnished the accompaniment.

Addition to Musical Circles.

Miss George Phillips of Cooper has arrived in Paris to make her home with Mrs. Carter Anderson. She will open a violin studio in the near future. She is a very accomplished young lady, she and her sister having gained a statewide reputation as musicians.

Returned to Make Home Here.

Mr. and Mrs. George Boyer have returned to make their home, after a two years' residence in Ennis. Mr. Boyer, who is in the mail service, has been transferred from the Midland to the Santa Fe.

PERSONAL.

Mrs. Pinkie Clark, who has been spending several days in Paris with her father, Dr. J. F. Clark, has returned to Dallas, where she will resume her position as teacher in the schools next week.

Miss Thelma Minton, who has been stenographer in the office of the Gulf Pipe Line company for some time, left yesterday for El Paso to accept a position.

Mrs. Leila Park, deputy county clerk, will take a fifteen days' vacation, beginning today, and will spend a part of it visiting her parents at Razor.

Mrs. P. O. Jett and children of Dallas, who have been visiting her parents, Mr. and Mrs. E. H. Pearson, returned home yesterday afternoon.

Miss Allene Boyers went to Greenville yesterday afternoon to attend a meeting of the officers of the North Texas Epworth League Conference.

Miss Emelyn Day, who has been the guest of Miss Ruth McReynolds, will leave in a few days for Wellesley College to resume her studies.

Mrs. J. A. Monroe and small son of Dallas are here for a few days' visit with Mrs. Charles Shaeffer of 124 South 25th street.

Mrs. Harry K. Morrison of Houston is the guest of her sister, Mrs. T. C. Taylor, at her home on Clarksville street.

Mrs. Palmer and children of Ravenna are guests of Mr. and Mrs. C. G. Caviness and Mrs. R. L. Lattimore.

Mrs. E. G. Eagle of Shreveport, who has been visiting her parents, S. W. Hearn and wife, will return home today.

Miss Katie Boyle, a deputy in the county clerk's office, who has been taking a vacation, has returned.

T. A. Beard returned yesterday from a visit to his grandparents in

Armstrong, Springs, Ark.

Mr. and Mrs. Hugh Campbell and Miss Mary Lou Lockwood are spending the day in Dallas.

Mr. and Mrs. C. F. House left yesterday for a months' trip to New York and other points east.

Miss Enid Morgan has returned from a two-months visit to Temple, her former home.

Mr. and Mrs. G. W. Wallace of Antlers are visiting their daughter, Mrs. W. M. Foshee.

Mrs. W. E. McMurry has returned from Boulder, Colo., where she spent several months.

Miss Melba Gene Holt from Dallas is visiting Mrs. T. E. Peeler at 118 N. 18th street.

Mrs. Nell Bishop has moved from Spring Hill to her home at 149 South 26th street.

Miss Melba Gene Holt of Dallas is visiting Mrs. T. E. Peeler at 118 N. 18th street.

Allen Loftin, who has been visiting friends here, returned last night to Bonham.

Mrs. L. F. Fuston and children are visiting her parents, Mr. and Mrs. J. F. Snell.

Mrs. Louise White is visiting her sister, Mrs. Emmet Middleton, in Texarkana.

Mrs. T. M. Cox and children have returned from an extended Eastern trip.

Miss Sallie McClure leaves today for a six weeks' stay in Hot Springs. Mrs. Robert Carr of Bonham is visiting relatives and friends here.

Herman Hutchinson has gone to Dallas and Austin on a visit.

SUIT FOR \$30,000 BASED ON PIN SCRATCH ON HAND.

Dallas, Sept. 16.—A pin scratch has resulted in the filing of a suit for \$30,000 in a Dallas county court.

The suit, filed by Dr. J. H. Marshall, of Dallas, against a local fur store, charges that while he was stroking a fur which his wife contemplated buying, the physician's finger was scratched by a "poisonous" pin hidden beneath the fur. Blood poison set in, according to the petition, and eight operations and fifteen incisions were necessary. As a result of the injury and subsequent operations, it is declared, Dr. Marshall's earning capacity as a surgeon was impaired 30 per cent. The physician said in his petition that he previously had been earning \$2,000 a month.

Had Thirty-Five Pickers.

A farmer living near town had thirty-five hired cotton pickers in his field at the same time Wednesday. They picked six bales. Everybody is in a rush to pick as much as they can while the dry weather lasts.

PEW AND PULPIT

Meeting at 15th and Cherry.

At a meeting at the Baptist church yesterday afternoon, arrangements were made to remove the paraphernalia from Webb street, where services have been in progress, to the corner of Fifteenth and Cherry street, in order to resume the meeting there this evening.

A most cordial invitation to the public is extended, and it is announced that services will be held every evening for the next week or two.

First Baptist Y. W. A.

The Y. W. A. of the First Baptist church will hold its meeting this afternoon at half past three at the home of Miss Louise Baker.

TEXANS TAKE VACATIONS IN THEIR MOTOR CARS.

Dallas, Sept. 16.—More Texans took their summer vacation trips in automobiles this year than ever before, in the opinion of local motor enthusiasts, and incidentally these tourists gave the state much good advertising. The motorists, according to reports brought back by them, visitors accompanied him.

To Undergo Operation.

J. O. Sisson, a well known citizen of East Paris, who has been afflicted for some time with stomach trouble, left on the early train yesterday morning for Dallas to undergo an operation. His wife and one of his daughters accompanied him.

STREET EXPLOSION SUSPENDS TRADING

Speculators Desert Exchange and
Rush to Scene of Explosion
During Noon Hour.

New York, Sept. 16.—Trading in cotton halted abruptly yesterday in the noon hour and for a time the floor was almost deserted as a result of an explosion in the Wall Street market. The board of directors at a hastily called meeting decided not to close the exchange on business hours, but to continue trading. The market was very quiet. Under the circumstances, the market was comparatively narrow, with December selling up from 25.15 to 25.40 and closing at 25.44. The general market was closing at a net advance of 5 to 40 points.

The close was several points off from the best under ordinary conditions. United States port stocks 702,824, 15,000, 300, exports so far this season 242,635.

New Orleans Cotton. Sept. 16.—A fairly good undertone was preserved by cotton today in the face of continued favorable weather. The explosion in Wall Street caused a brief flurry of selling. Highest prices were reached late in the trading when active months were 25 to 35 points over the close. Low prices were at net gains for the day of 15 to 22 points.

The steadiness was due primarily to further cablegrams from England, which stated that the general opinion in cotton circles there was that the negotiations to avert the coal strike would be successful.

In the late trading the market rose to a new high on May which touched 22.90.

and he will spend part of his time fishing. He will not be back until after October 1st.

LEASED GROUND TO BUILD
A BRICK WAREHOUSE

The Boren-Stewart Company, which has headquarters at Dallas, closed a contract yesterday with the Texas Midland for a three years lease of a strip on its right of way 50x150 feet fronting on Kaufman street, on which it will erect a brick warehouse.

ORDER TO GO TO GALVESTON
HAS BEEN RESCINDED

Lieut. John Sturgeon, the commanding officer of Cavalry Troop No. 10 National Guard, who received an order from W. D. Cope, adjutant-general, first of the week to leave on Friday night for Galveston with his men for strike duty, received a message late Wednesday evening rescinding the order. He had issued an order to the men at the armory, and on yesterday he was busy receiving the supplies back.

SOME GUNS RUNNING
PART OF THE NIGHT

The Sheriff Jack Martin of Red River county, who was in the city yesterday buying guns for his store at Fulbright, stated that the farmers down there were under great headway this week picking cotton. The gun at Fulbright has been kept so busy that it had to run until 11 o'clock Tuesday night to catch up. Guns in some other sections are beginning to run at night.

RECENT TRANSFERS OF
LAMAR COUNTY REALTY.

MAY MOVE MED. BRANCH
OF U. FROM GALVESTON.

Austin, Texas, Sept. 15.—A committee to investigate the State Medical College at Galveston to determine the feasibility of removing it to some other city, has been appointed by Governor Hobby pursuant to a resolution adopted at the last session of the legislature.

The committee follows: Leonard Tillotson, Sealy; C. T. Bass, San Marcos; W. H. Bledsoe, Lubbock; Dr. A. C. Scott, Temple; Everett Jones, Wichita Falls; Dr. T. S. Reed, Bonham; W. H. Fuqua, Amarillo. The first three members of the committee are members of the legislature.

PRAYER MEETING AT THE
CENTRAL PRESBYTERIAN

The first of a series of mid-week meetings was held at the Central church last night. It was a decided success. Notwithstanding the very hot evening more than a hundred people were present. Owing to the meeting of the Presbytery next week the mid-week meeting will not be held.

Dr. T. J. Preston, returned Missionary from China, will speak tonight and that will be substituted for the mid-week meeting of next week.

REGULAR MEETING OF
THE ROTARY CLUB TODAY

The regular weekly meeting of the Rotary club is to be held today at the Gibraltar hotel at the usual hour.

There may be some discussion of the matter of the district convention which Paris hopes to have, and talk given at Fulbright has been kept so busy that it had to run until 11 o'clock Tuesday night to catch up. Guns in some other sections are beginning to run at night.

Received Pay Checks.
The Texas Midland local employs received their pay checks Wednesday for the last two weeks of August, amounting to \$2,530.27.

OPEN MARKET, SUPPLY
AND DEMAND, NEEDED

By The Associated Press

Cleveland, Sept. 16.—Consumers of foodstuffs must be prepared to pay prices that include the cost of production and farmers must continue a policy of securing full production and moderate prices if the nation is to work its way out of the present economic dilemma, Governor Harding of the state said tonight.

A Pair of Pants Free With Every Suit.

See the New Fall Woollens Now.

Bell Tailoring
Company

14 Clarksville St.

Federal reserve board, said tonight in an address here.

Discussing the function of the federal reserve system, Governor Harding declared that its credit resources should be available to the extent necessary for moving crops, but that use of its credits for holding crops on markets and advancing prices would bring economic disaster.

One of the greatest needs of the nation, Mr. Harding said "is an open market where the old law of supply and demand is given free play."

All Five Re-Elected

New York, Sept. 16.—The five socialist assemblymen who were expelled from the State legislature last spring on charges of disloyalty, were re-elected at special elections held here today.

Coming Lively at Cooper.

A visitor from Cooper stated that 181 bales of cotton were marketed there Wednesday and that when he left home they were expecting over 200 yesterday.

BROUSSARD NOMINATED
FOR LOUISIANA SENATOR

By The Associated Press

New Orleans, Sept. 16.—The nomination of Edwin Broussard on the Democratic ticket for the United States senate seemed certain tonight when incomplete returns received by the Times Phayune from all parts of the state showed Broussard's plurality nearly nine thousand over J. V. Sanders. Caffery has conceded his defeat. The count tonight was as follows:

Broussard 37,541; Caffery 11,421; Sanders 28,818.

FARM MORTGAGE BANKERS
ELECT NEW PRESIDENT

By The Associated Press

Kansas City, Sept. 16.—E. N. Robinson, Rochester, N. Y., today was elected president of the farm mortgage bankers' association in annual convention here. Other officers include: Frank Hayden, Memphis, Tenn., third vice president. The convention went on record as favoring more liberal support by congress of the development of land and waterways.

PERSONAL

Mrs. V. W. Hale arrived in Paris last night from Bowling Green, Ky., and will spend several weeks among her old friends. She may decide to remain during the winter.

F. H. Chandler and wife of Prosper and T. R. Chandler and wife of McKinney, who formerly lived in Lamar county, are here to attend a land suit in the district court today.

Miss Fay Fitzpatrick, who is taking a course in bacteriology in Santa Rosa hospital at San Antonio, is at home for a month's vacation.

Mr. and Mrs. C. A. Day, who have been temporarily making their home at Albuquerque, N. M., returned to Paris Tuesday night from an automobile tour through California and other far western states.

Sam Fuqua made a business trip to Dallas yesterday.

John Broad, who has been visiting his grandparents, Capt. and Mrs. J. F. McMurry, returned to Austin Wednesday.

M. V. Hayes of Deport left Wednesday for Kentucky, where he will spend a few days, and from there he will go to New York to enter Columbia University.

J. G. Marshall, who has been troubled with hay fever for some time, left yesterday afternoon for Corpus Christi to spend two weeks.

Dr. R. E. DeWitt of Cooper was in the city yesterday.

Scott Hammond left yesterday afternoon for Galveston to resume his work in the medical college.

J. Devery went to Dallas yesterday to take his grandson, George, Jr., who has been visiting him, back home.

Conductor John Hamilton of the Texas Midland and family have returned from a visit to relatives in Tennessee.

Shafte Peters will leave Sunday for New Haven, Conn., to attend Yale University.

THE MINER LEADERS
HAVE THE RIGHT IDEA

By The Associated Press

Hazleton, Pa., Sept. 16.—Claiming that the present situation in the anthracite coal region is the result of the "unwise action of a few unthinking men," the policy committee of the United Mine Workers of the hard coal fields tonight issued a proclamation advising and recommending that "all loyal union men return to their work and vindicate our faithfulness to contracts and the justice of our cause."

Union officials of the three anthracite districts are empowered by the committee to call a special tri-district convention "to take such action as may be necessary" if the mine operators attempt to discriminate against any of the "vacation" strikers.

MacSwiney Nearly Worn Out.

By The Associated Press

Limerick, Sept. 16.—The evening bulletin of the Irish self-determination league quotes Mrs. MacSwiney, wife of the Lord Mayor of Cork, who is on a hunger strike in Brixton prison, as saying her husband is "nearly worn out." Mrs. MacSwiney visited her husband this afternoon.

"He is extremely weak; he is nearly worn out," said Mrs. MacSwiney.

Were Wearing Overcoats.

Conductor O. W. Howard of the Prince who came in on No. 5 yesterday afternoon stated that when he left Monett in the morning lots of people were wearing overcoats.

Marriage License.

A marriage license was issued yesterday to Stanley Bell and Miss Lydia Wilson.

The Straw Ballot.

In the presidential straw vote that is being taken at Murphy's drugstore the local vote yesterday showed Cox in the lead by at least two to one.
